ABOUT US

Teknorot Suspension Parts SA are the sole distributors for the Teknorot brand in Southern Africa. With our national footprint, extensive range and vast knowledge in the market we are proud to say that we are the leading suppliers of steering and suspension parts in Southern Africa.

MANUFACTURING FACILITY

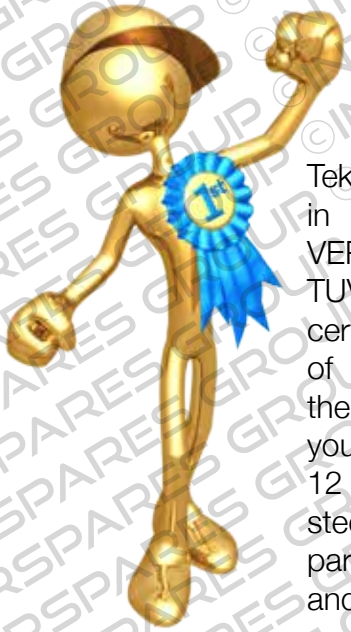

Teknorot's state of the art manufacturing facility is located on a 64,000 m² campus in Duzce, Turkey. Teknorot designs and develops over 4 300 steering and suspension parts adaptable to over 90% of the European active car park.

QUALITY

Steering and suspension parts are major control components contributing to a safe ride, therefore, our factory applies rigorous quality control and exhaustive testing often exceeding OE specifications. This ensures that there is no compromise regarding safety.

CERTIFICATION

Teknorot parts manufactured in Turkey have BUREAU VERITAS ISO TS16949 and TUV certifications, we are certain that our parts are of the highest quality. We therefore confidently supply you, our customer, with a 12 month warranty on our steering and suspension parts (see warranty terms and conditions below).

RANGE

Teknorot SA is proud to say that we hold the most extensive range in Southern Africa of rack ends, tie rod ends, ball joints, control arms and link stabilizers. Although the aforementioned is our specialty, as we continue to grow, we have expanded our range into areas including engine mountings, draglinks, pitman arms, idler arms and now shock absorbers. Teknorot is always one step ahead, being the first to develop parts for the latest vehicles and models.

MISSION & VISION

Our mission and vision is to become the most desired supplier of steering and suspension parts in the African market. With our wide range, availability and highly skilled team, who value our customers and offer incomparable technical support, Teknorot SA are fully geared and well on the way to achieving just that!

Warranty Terms and Conditions

- Valid proof of purchase is required
- Warranty is valid for 12 months from date of purchase
- Vehicle manufacturer fitment guidelines must be adhered to

GLOSSARY

I.E STUFF WE SELL

MONROE
SUSPENSION

INTRODUCING
SHOCK ABSORBERS

Teknorot Suspension parts South Africa is very proud to announce that we have expanded our range to include Monroe Shock Absorbers. We have done so in order to service our customers with the best shock absorbers available in the Market. Monroe's incredible brand is well known amongst the industry as an extremely reliable and quality part. Since Teknorot always strives to bring uncompromised quality and range to the market, we saw it fitting to pair these two superior brands together and offer our customers a more extensive and comprehensive range of quality suspension parts.

ABOUT
MONROE

Monroe has been at the very forefront of the shock eliminator industry since 1916. They were the first to bring a double action shock to the market in 1929. Since its inception Monroe has continued to bring many incredible innovations to the industry for example in 2007 Monroe introduced their Continuously controlled electric suspension (CES) that was fitted on the Mercedes C class in its time and in 2008 Monroe received the prestigious technician's choice award for best aftermarket shocks and struts in the United States of America.
Monroe is known to manufacture many shock absorbers for the OEM's around the world. This stands as unshakable proof to their commitment to manufacturing parts of the highest quality level and to servicing the industry with the very best.

MONROE
IN OUR CATALOGUE

Our team at Teknorot South Africa has done their best to represent in our new catalogue what we believe are the more common shock absorbers in the market. We have done so by displaying a user friendly "shocks available" table on pages of the catalogue that are for the more common vehicles out there. In order to keep things as simple as possible, you may find that in some instances we excluded certain shock absorbers for sports models and other less common cars. All these exceptions are clearly marked in order to ensure that you know exactly what part you are ordering when you place your order. The fact that we may have not listed some of Monroes shock abosbers in our catalogue does not mean that we do not carry these parts. All of Monroe's range is available and can be supplied, just speak to any of our salesmen and they will be happy to help.

This partnership with Monroe goes hand in hand with our philosophy and goal, which is to provide our customers with the best parts possible and make these parts available to you in the most convenient and easy way we can. We hope this addition truly helps your business easily find and source the quality parts you need, when you need them.

Sincerely
The Teknorot Team of South Africa

I ♥ MONROE
